

## Profile

### Neelanjan Banerjee

**Vice Chairman & Managing Director, LANXESS India Private Limited**

Neelanjan Banerjee is the Vice Chairman & Managing Director of LANXESS India Private Limited with effect from September 1, 2018. He has been on the Board of LANXESS India since 2009 and was also elevated to the Region Head for India region and directly reports into the Board of Management of LANXESS AG.

Banerjee is a member of the Global LANXESS Leadership Team that includes Heads of Global Business Units, Heads of Global Group Functions and Region Heads in addition to all members of the Management Board.

During his tenure at LANXESS, he has been part of acquisitions, divestments and also greenfield and brownfield expansion projects of the company. LANXESS intends to pursue further organic and in-organic growth options in India and as Region Head Banerjee closely works with the Management Board, Global Business Units and Corporate Development to drive profitable growth for LANXESS in India.

In addition to FICCI, he is part of several Trade Bodies and Industry Associations. He is the Vice Chair of the National Chemicals & Petrochemicals Committee of CII (Confederation of Indian Industry). He continues to be on the Executive Committee of the Indian Chemical Council (ICC) and the Indo German Chamber of Commerce (IGCC).

Backed by an overall experience of more than two decades in the areas of operations, sales and marketing, business development and strategy, his credentials have been strengthened from his work experience at multinational companies like INDAL (then part of the global aluminium giant ALCAN) and ICI at the beginning of his career.

He has attended several Senior Management Development Programs of LANXESS in the US and Germany.

In the year 2014, Banerjee was awarded as one of India's top 40 business leaders under the age of 40, in a study conducted by The Economic Times and Spencer Stuart.

Banerjee enjoys travelling, reading and listening to music in leisure. He is married and has a daughter.
